

# Research on the Use of Web 2.0 in Education Among University students.

## Section A

Please read the question. Use the check box below to link the choices in this section.

\* Required

1. **1. Gender \***

*Check all that apply.*

Male

Female

2. **2. Race \***

*Mark only one oval.*

Malay

Chinese

Indian

Other: .....

3. **3. Age \***

*Mark only one oval.*

19 - 23

24 - 27

28 - 31

32 and above

4. **4. Level Of Education \***

*Mark only one oval.*

Diploma

Undergraduate

Postgraduate

5. **5. Religion \***

Mark only one oval.

- Muslim
- Buddhist
- Hindu
- Christian
- Other: .....

6. **6. Field of Study**

Mark only one oval.

- Faculty of Education (TESL)
- Faculty of Education (Special Education)
- Faculty of Education (Sports and Recreations)
- Faculty of Architecture
- Faculty of Economics & Management
- Faculty of Engineering
- Faculty of Information Technologies
- Faculty of Islamic Study
- Faculty of Law
- Faculty of Social Science & Humanities
- Faculty of Science & Technology

Section B

Please read the questions given below, and choose the best answer according to your preference .

7. **7. Social media (e.g facebook, skype , blog etc) help to improve students' achievement**

Mark only one oval.

|                |                       |                       |                       |                       |                       |                   |
|----------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|-------------------|
|                | 1                     | 2                     | 3                     | 4                     | 5                     |                   |
| Strongly Agree | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | Strongly Disagree |

8. **8. Printed materials should be abolished and replaced by computer aided learning in classroom**

Mark only one oval.

|                |                       |                       |                       |                       |                       |                   |
|----------------|-----------------------|-----------------------|-----------------------|-----------------------|-----------------------|-------------------|
|                | 1                     | 2                     | 3                     | 4                     | 5                     |                   |
| Strongly Agree | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | <input type="radio"/> | Strongly Disagree |

9. **Web 2.0 can assist to build a sense of community among students**

Mark only one oval.

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

10. **Web 2.0 enriches the interaction and communication among educators and students**

Mark only one oval.

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

11. **Web 2.0 tools like social networking and blog can help students understand better about the learning**

Mark only one oval.

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

12. **Online presentation tools such as Prezi and Mindomo are easy to use compared to Microsoft Powerpoint.**

Mark only one oval.

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

13. **13. Sometimes, web 2.0 makes users' privacy to be too opened that could lead to uneasiness.**

*Mark only one oval.*

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

14. **14. Learning about new technologies may take some time (time consuming)**

*Mark only one oval.*

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

15. **15. The idea of implementing web 2.0 in Education is not preferred**

*Mark only one oval.*

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

16. **16. Technical problems is one of the Web 2.0 barriers.**

*Mark only one oval.*

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

17. **17. Learning web 2.0 at any institution of education is compulsory**

*Mark only one oval.*

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

18. **18. Web based learning allows students to share ideas not only among their own friends, but international access**

*Mark only one oval.*

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

---

19. **19. Web 2.0 promotes collaboration (working with someone to produce or create something)**

Mark only one oval.

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

20. **20. Web 2.0 promotes resource sharing**

Mark only one oval.

1      2      3      4      5

---

Strongly Agree                  Strongly Disagree

Section C

21. **21. Web 2.0 can improve students' skills in technology**

Mark only one oval.

Yes  
 No

22. **22. Web 2.0 do help me a lot in getting new/existing information**

Mark only one oval.

Yes  
 No

23. **23. By using Web 2.0, it can clarify the instructions, tasks, and frequent feedback for the students.**

Mark only one oval.

Yes  
 No

24. **24. I am interested to know more about web 2.0 and plan to practice it in my learning process**

Mark only one oval.

Yes  
 No

25. **25. Web 2.0 makes my life easier.**

*Mark only one oval.*

Yes

No
